# INTRODUCTION

## ABBASI AL ARABIA

- Abbasi Al Arabia is a modern and promising company that seeks to win the satisfaction of its clients by providing integrated engineering services in accordance with local and international standards.
  - We've earned a reputation for our quality work and our integrity in dealing with clients. It's our goal to develop a long lasting relationship with clients through honesty and professionalism, so as to continue to be the sole source for all of the client needs in Procurement and Construction.
  - As a full service provider in Supply and Execution, we provide the complete range of services to diverse fields, mainly including Civil works, MEP, ICT, and General Maintenance.
-

# CHAIRMAN MESSAGE

Growing companies keep their past in mind and aspire to achieve unprecedented milestones in their future. We at “Abbasi Al Arabia” work on the same principals of ethics that were the root of our establishment. Since our beginnings, we are committed to providing personal and professional services in a responsive, high-quality manner, we believe in reliability, integrity, professionalism, total quality management, teamwork and we still abide by these core values. Our interactions with our employees, customers, suppliers and members bespoke volumes of our high standards. The business model of “Abbasi Al Arabia” to ensures our core disciplines in delivering effective construction solution in our targeted market areas.

# SAFETY & ENVIRONMENT

## SAFETY

Workplace safety addresses the protection of workers' health and well-being in the workplace. It involves identifying and mitigating potential hazards that can cause injuries, illnesses, or accidents to employees.

Occupational safety measures include providing appropriate personal protective equipment (PPE), training employees on safety programs, conducting safety inspections

## ENVIRONMENT

This focuses on safeguarding the environment from pollution and degradation. It involves monitoring and controlling factors such as air quality, water quality, soil contamination, and waste management. Environmental management and protection measures aim to reduce the negative impact of human activities, emissions and hazardous materials on ecosystems, wildlife and natural resources.

# QUALITY ASSURANCE

Abbasi Al Arabia is committed to meet the needs of all our customer's requirements.
